Postum is a food in liquid form, made at Battle Creek, Mich., of pure grains, and almost every old coffee drinker who has some allment of body will find in less than five days after leaving off berry coffee and using Postum Cereal, the health coffee, that in many cases the old trouble will be gone; in all cases there will be an improvement in health. There is a simple and good reason for this, as coffee is known by physicians to carry a positive per centage of poisonous alkaloids which directly attack stomach, heart and liver and from them to the nerves.

Beware of the fraudulent imitations of the original Postum Cereal Grain coffee, Insist on Postum.
